NORTHWEST TERRITORIES HUMAN GEOGRAPHY 12 (MHGEO12) · UNIT A · 5 QUESTIONS

Population and Migration — Practice Test

This practice test was made by AI and there may be mistakes. If a question or answer looks wrong, use the Flag a mistake button to let Brett know so he can fix it.

1 **Downtown Anchorage skyline with the Chugach Mountains behind, across the water. In Canada, population is most concentrated**

A evenly across the far North

B in the south, near the border with the United States, where climate and jobs are more favourable

C only on the Atlantic coast

D only in the Rocky Mountains

Understand It with Pulse | Flag a mistake

2 **Population distribution and population density differ because distribution shows where people live, while density shows**

A how many languages people speak

B how old people are

C how many people live per unit of land area

D how fast people move

Understand It with Pulse | Flag a mistake

3 **Physiological density measures population against**

A arable farmland, which shows pressure on land that can grow food

B total land area only

C ocean area

D the number of cities

Understand It with Pulse | Flag a mistake

4 **A country in stage 2 of the demographic transition model would most likely show**

- A rapid population growth as death rates fall and birth rates stay high
- B stable population and very low birth rates
- C a shrinking population
- D no births at all

Understand It with Pulse | Flag a mistake

5 **A limitation of the demographic transition model is that it**

- A fits every country in exactly the same way
- B does not fully account for migration, war, disease, or government policies
- C was never based on real population change
- D applies only to small towns

Understand It with Pulse | Flag a mistake

ANSWER KEY

1. B
2. C
3. A
4. A
5. B
