Reading I - Learning About the Indian Act

Use this reading for questions 2 to 4.

A student reads that the Indian Act, passed in 1876, was a federal law that defined who counted as a status Indian, created reserves, and imposed elected band councils. The student learns that the Act also banned ceremonies such as the potlatch for many years, and that it controlled many parts of daily life.

In discussion, the class notes that the Act has been changed many times, but parts of it remain in force today. The teacher stresses that nations had their own governments and laws before the Act, and that many nations continue to work toward governing themselves in their own ways.
