Informational Text and Research — Practice Test

This practice test was made by AI and there may be mistakes. If a question or answer looks wrong, use the Flag a mistake button to let Brett know so he can fix it.

1 **Which term matches this description: a brief summary at the start of a paper**

- A Abstract
- B Methodology
- C Findings
- D Discussion

Understand It with Pulse | Flag a mistake

2 **Which term matches this description: the methods used in a study**

A Findings

B Methodology

C Discussion

D Literature review

Understand It with Pulse | Flag a mistake

3 **Which term matches this description: the results discovered in research**

A Discussion

B Literature review

C Findings

D Case study

Understand It with Pulse | Flag a mistake

4 **Which term matches this description: interpretation of research results**

A Literature review

B Case study

C Survey

D Discussion

Understand It with Pulse | Flag a mistake

5 **Which term matches this description: a survey of earlier work on a topic**

A Literature review

B Case study

C Survey

D Interview

Understand It with Pulse | Flag a mistake

6 **Which term matches this description: detailed study of one person or event**

- A Survey
- B Case study
- C Interview
- D Observation

Understand It with Pulse | Flag a mistake

7 **Which term matches this description: data gathered by asking many people questions**

- A Interview
- B Observation
- C Survey
- D Experiment

Understand It with Pulse | Flag a mistake

8 **Which term matches this description: data gathered by asking questions in person**

A Observation

B Experiment

C Variable

D Interview

Understand It with Pulse | Flag a mistake

9 **Which term matches this description: data gathered by watching and recording**

A Observation

B Experiment

C Variable

D Control group

Understand It with Pulse | Flag a mistake

10 **Which term matches this description: a controlled test of a hypothesis**

A Variable

B Experiment

C Control group

D Sample

Understand It with Pulse | Flag a mistake

11 **Which term matches this description: a factor that can change in a study**

A Control group

B Sample

C Variable

D Population

Understand It with Pulse | Flag a mistake

12 **Which term matches this description: a group not given the treatment in an experiment**

A Sample

B Population

C Hypothesis

D Control group

Understand It with Pulse | Flag a mistake

13 **Which term matches this description: a group chosen to represent a larger population**

A Sample

B Population

C Hypothesis

D Theory

Understand It with Pulse | Flag a mistake

14 **Which term matches this description: the whole group a study is about**

A Hypothesis

B Population

C Theory

D Data

Understand It with Pulse | Flag a mistake

15 **Which term matches this description: a testable prediction in research**

A Theory

B Data

C Hypothesis

D Analysis

Understand It with Pulse | Flag a mistake

16 **Which term matches this description: a well supported explanation in science**

A Data

B Analysis

C Conclusion

D Theory

Understand It with Pulse | Flag a mistake

17 **Which term matches this description: recorded facts from observation or measurement**

A Data

B Analysis

C Conclusion

D Appendix

Understand It with Pulse | Flag a mistake

18 **Which term matches this description: examining data to find patterns**

A Conclusion

B Analysis

C Appendix

D Abstract

Understand It with Pulse | Flag a mistake

19 **Which term matches this description: a judgment based on research results**

A Appendix

B Abstract

C Conclusion

D Methodology

Understand It with Pulse | Flag a mistake

20 **Which term matches this description: extra material at the end of a document**

A Abstract

B Methodology

C Findings

D Appendix

Understand It with Pulse | Flag a mistake

21 **Which statement about Abstract is correct**

A a brief summary at the start of a paper

B the methods used in a study

C the results discovered in research

D interpretation of research results

Understand It with Pulse | Flag a mistake

22 **Which statement about Methodology is correct**

- A the results discovered in research
- B the methods used in a study
- C interpretation of research results
- D a survey of earlier work on a topic

Understand It with Pulse | Flag a mistake

23 **Which statement about Findings is correct**

- A interpretation of research results
- B a survey of earlier work on a topic
- C the results discovered in research
- D detailed study of one person or event

Understand It with Pulse | Flag a mistake

24 **Which statement about Discussion is correct**

A a survey of earlier work on a topic

B detailed study of one person or event

C data gathered by asking many people questions

D interpretation of research results

Understand It with Pulse | Flag a mistake

25 **Which statement about Literature review is correct**

A a survey of earlier work on a topic

B detailed study of one person or event

C data gathered by asking many people questions

D data gathered by asking questions in person

Understand It with Pulse | Flag a mistake

ANSWER KEY

1. A
2. B
3. C
4. D
5. A
6. B
7. C
8. D
9. A
10. B
11. C
12. D
13. A
14. B
15. C
16. D
17. A
18. B
19. C
20. D
21. A
22. B
23. C
24. D
25. A
