## Source II - A Town Changed by the Mill

*Use this reading for questions 1 to 3.*

When the mill opened beside the river, the town changed in a single generation. Cottages that had housed farm workers filled with mill hands, and the lane to the church grew busy at dawn and again at dusk. Wages were steadier than farm pay, but hours were long and the air in the mill was thick with dust.

Some townspeople praised the change. Shops sold more goods, and families could plan beyond the next harvest. Others warned that children worked too long and that the river, once clear, now ran dark after rain. The town council argued for years about rules for hours, safety, and clean water, while the mill bell kept marking the day.
