Understand It with Pulse | Flag a mistake

3 **Which term matches this description: a period of new science methods?**

- A a period stressing reason and rights
- B growth of factories and machine work
- C Scientific Revolution
- D an engine powered by steam

Understand It with Pulse | Flag a mistake

4 **What is the main meaning of Enlightenment?**

- A industrialization
- B steam engine
- C patent
- D a period stressing reason and rights

Understand It with Pulse | Flag a mistake

5 **Which term matches this description: growth of factories and machine work?**

A industrialization

B an engine powered by steam

C legal protection for an invention

D spread of a new idea or tool

Understand It with Pulse | Flag a mistake

6 **What is the main meaning of steam engine?**

A patent

B an engine powered by steam

C innovation diffusion

D assembly line

Understand It with Pulse | Flag a mistake

7 **Which term matches this description: legal protection for an invention?**

A spread of a new idea or tool

B workers each doing one step in order

C patent

D a device sending coded messages by wire

Understand It with Pulse | Flag a mistake

8 **What is the main meaning of innovation diffusion?**

A assembly line

B telegraph

C telephone

D spread of a new idea or tool

Understand It with Pulse | Flag a mistake

9 **Which term matches this description: workers each doing one step in order?**

- A assembly line
- B a device sending coded messages by wire
- C a device carrying voice over wire
- D a network delivering electric power

Understand It with Pulse | Flag a mistake

10 **What is the main meaning of telegraph?**

- A telephone
- B a device sending coded messages by wire
- C electricity grid
- D computer

Understand It with Pulse | Flag a mistake

11 **Which term matches this description: a device carrying voice over wire?**

A a network delivering electric power

B a machine that processes information

C telephone

D a global network of computers

Understand It with Pulse | Flag a mistake

12 **What is the main meaning of electricity grid?**

A computer

B internet

C mechanization

D a network delivering electric power

Understand It with Pulse | Flag a mistake

13 **Which term matches this description: a machine that processes information?**

A computer

B a global network of computers

C replacing hand work with machines

D making many identical goods quickly

Understand It with Pulse | Flag a mistake

14 **What is the main meaning of internet?**

A mechanization

B a global network of computers

C mass production

D automation

Understand It with Pulse | Flag a mistake

15 **A new farming tool spreads from one region to many. What is this?**

A Innovation diffusion of a new tool

B A patent

C Urbanization

D Mass production

Understand It with Pulse | Flag a mistake

16 **A factory has each worker fit one part all day. What is this?**

- A A telegraph
- B Division of labour into separate tasks
- C A patent
- D Biotechnology

Understand It with Pulse | Flag a mistake

17 **An inventor registers her device so others cannot copy it. What did she get?**

- A A telegraph
- B Mass production
- C A patent protecting her invention
- D Urbanization

Understand It with Pulse | Flag a mistake

ANSWER _____

Understand It with Pulse | Flag a mistake

ANSWER KEY

1. A
2. B
3. C
4. D
5. A
6. B
7. C
8. D
9. A
10. B
11. C
12. D
13. A
14. B
15. A
16. B
17. C
18. D
19. A
20. C
21. B
22. 205
23. 175
24. 12
25. 126
