Reading III - Checking a Source

Use this reading for questions 1 to 2.

Sam finds an article claiming a new study drink improves memory. The article names no author, cites no study, and sits on a page that sells the drink. Sam decides to look for the same claim in a university journal before using it.

1 **According to Reading III, why is Sam right to be cautious about the article**

A it names no author, cites no study, and sells the drink

B it is too short to read

C it uses the word memory

D it was found on the internet

Understand It with Pulse | Flag a mistake

2 **According to Reading III, what should Sam do before using the claim**

A buy the drink at once

B copy the article word for word

C ignore all other sources

D check the claim in a university journal

4 **When checking a source, the date of publication matters most when the topic**

- A has no data of any kind
- B changes quickly, so old data may be out of date
- C never changes at all over time
- D is about ancient history only

Understand It with Pulse | Flag a mistake

5 **A source written by a recognised expert and reviewed by other experts is generally**

A more credible than an anonymous blog post

B less credible than an anonymous blog post

C equal to any post with no author

D credible only if it is funny

Understand It with Pulse | Flag a mistake

ANSWER KEY

1. A
2. D
3. C
4. B
5. A
